

## Advantages

- Extinguishing Agent is non-toxic, non-harmful or skin irritating
- 100% Ecological - with no mutagenic effects on environment or humans
- not harmful to ozone depletion
- Suitable for almost all Fire Classes (A,B,C,F)
- Leaves no residue
- Fast cooling of burned area, without causing mechanical shocks
- Water Mist creates a water "curtain" that protects from fire's radiation.
- High visibility during discharge comparing to CO2 and Dry Powder Extinguishers
- Low Cost extinguishing agent comparing to common Fire extinguisher types

# 6LT WATER MIST

Number	Description	Quantity
1	Cylinder 6lt with Internal Plastic Layer	1
2	Discharge Hose	1
3	Year of Manufacture Ring	1
4	Dip Tube	1
5	Nipple for Connecting Dip Tube with Valve	1
6	Spring	1
7	Brazen Stem Piston Seal	1
8	O - ring	-
9	Pressure Gauge	1
10	Valve	1
11	Manometer Valve	1
12	O - ring	1
13	Safety Seal (White)	1
14	Safety Release Valve	1
15	Rivet	1
16	Safety Pin	1
17	Spare String	1
18	Wall-Mounted Bracket	1
